About karmaLeen

INNOVATIVE

IDEA

IMPLEMENT

Serving Best by Our Indeed devoted Karma, with this motto KarmaLeen was started. KarmaLeen is a software development company specializing in Mobile and Web development. We are not a giant like other services companies but we are well equipped with highly skilled and competent developers.

Starting from Requirement gathering to the final deployment of the project and further maintenance is handled very skillfully and followed by the best industry standard.

Indrajit D. Co-Founder and CEO

Mr.Indrajit Dodiya is a Mobile application developer and Co-Founder of KarmaLeen technology. Android, iOS, Flutter and React Native expert.

Sanjay P. Co-Founder and Director

Mr.Sanjay Parmar is a versatile developer and has knowledge of a large number of tech stacks which includes Node Js, Angular Js, React Js, Next Js, Laraval, Symphony, yii2, Codeignator, Sugar CRM, Suit CRM, Vtiger CRM, Mirth Connection and many other platforms.

We have created a skill development environment under which every employee learns something new on a daily basis which contributes dramatically to our end client results. Many times this result in saving thousands of dollars for our client.

Find your Software Development Service

We are continuously upgrading ourselves with the latest technology and providing the best solutions. Here is our tech stack.

Serving by our indeed devoted Karma

Close-knit community

One of the main perks of our membership is our community, this is what our members say, at the very least. Over the course of 5 years, we've welcomed over 1 million wonderful women to our platform. We are proud to say that we attract ambitious, supportive, intelligent, and caring women to the platform.

Content monetization

Being our member, you get access to several monetization & marketing tools. (1) a user with the most read content get a chance to be rewarded with weekly €30 rewards. At the same time, our members can also (2) sell their digital products through our marketplace or (3) join our affiliate program and become our partner.

Bi-monthly webinars

Every two weeks we host inspiring, informative, and value-added sessions for our premium members. 90% of the time we invite experienced & qualified speakers in a variety of fields, such as entrepreneurship, mindfulness, health, SEO, content creation, marketing, nutrition, and so more. The remaining 10% of the webinars are hosted by our co-founders.

Female chat

Another valuable & heart-warming asset of our membership. Because community and quality networking are important to us, we created an exclusive female chat for our premium members to interact, exchange news, discuss relevant topics, and support one another.

Digital marketplace

This is our most recent addition to the membership. And, it could not possibly be cooler. We have just launched our very own digital marketplace, where our premium members can sell their digital products to women around the globe. Simple, user-friendly, all-in-one solution.

Promotion in our channels

We appreciate the content created by our members and always showcase it through our social media channels & our newsletter with thousands of recipients. 30+ followers in Instagram, 6M+ views on Pinterest. Thousands of newsletter recipients. A pleasant bonus!

Our weekly events & webinars

- Weekly informative & entertaining sessions to help you grow personally & professionally
- Mindfulness, entrepreneurship, nutrition, mental health, content creation, SEO, candles making, and everything else that you can think of
- All the webinars are available live & are saved in the recordings library for your unlimited access

"I would never imagine I would make such an impact by just being me."

Posts of our premium members

Movie-Swiper Flutter

Movie Swiper is an OTT platform for Hollywoods movie.

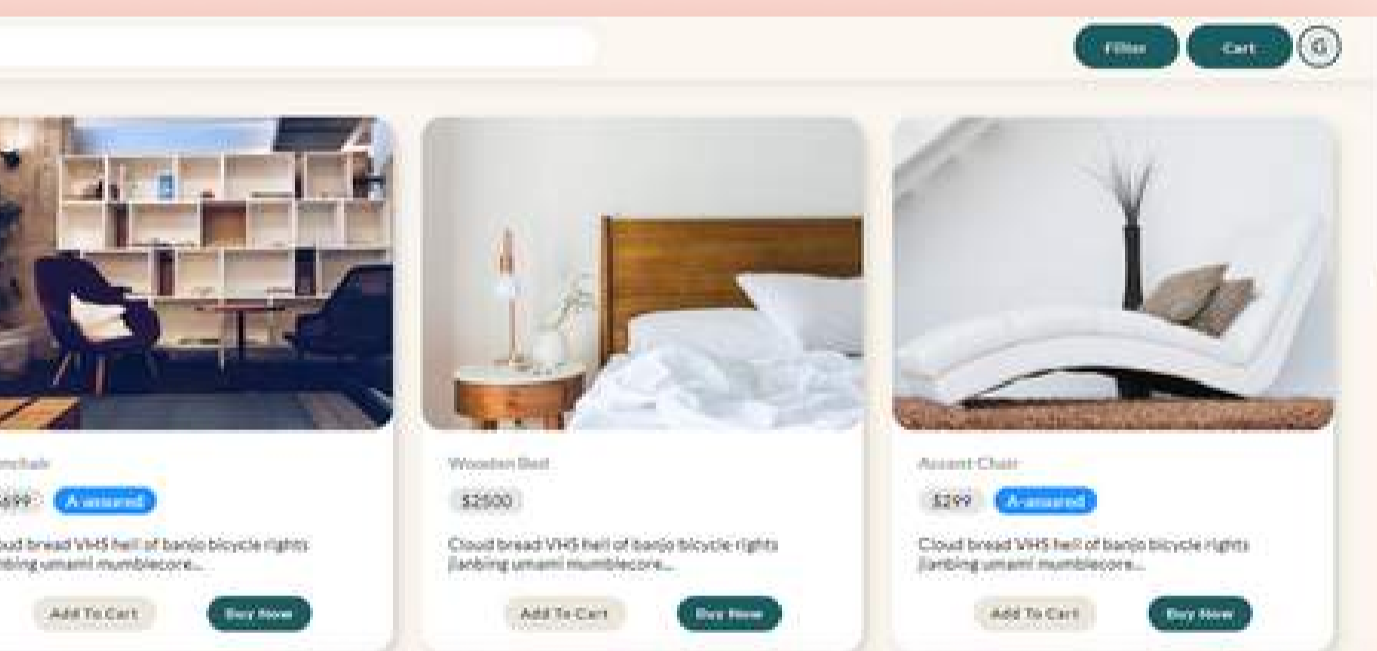

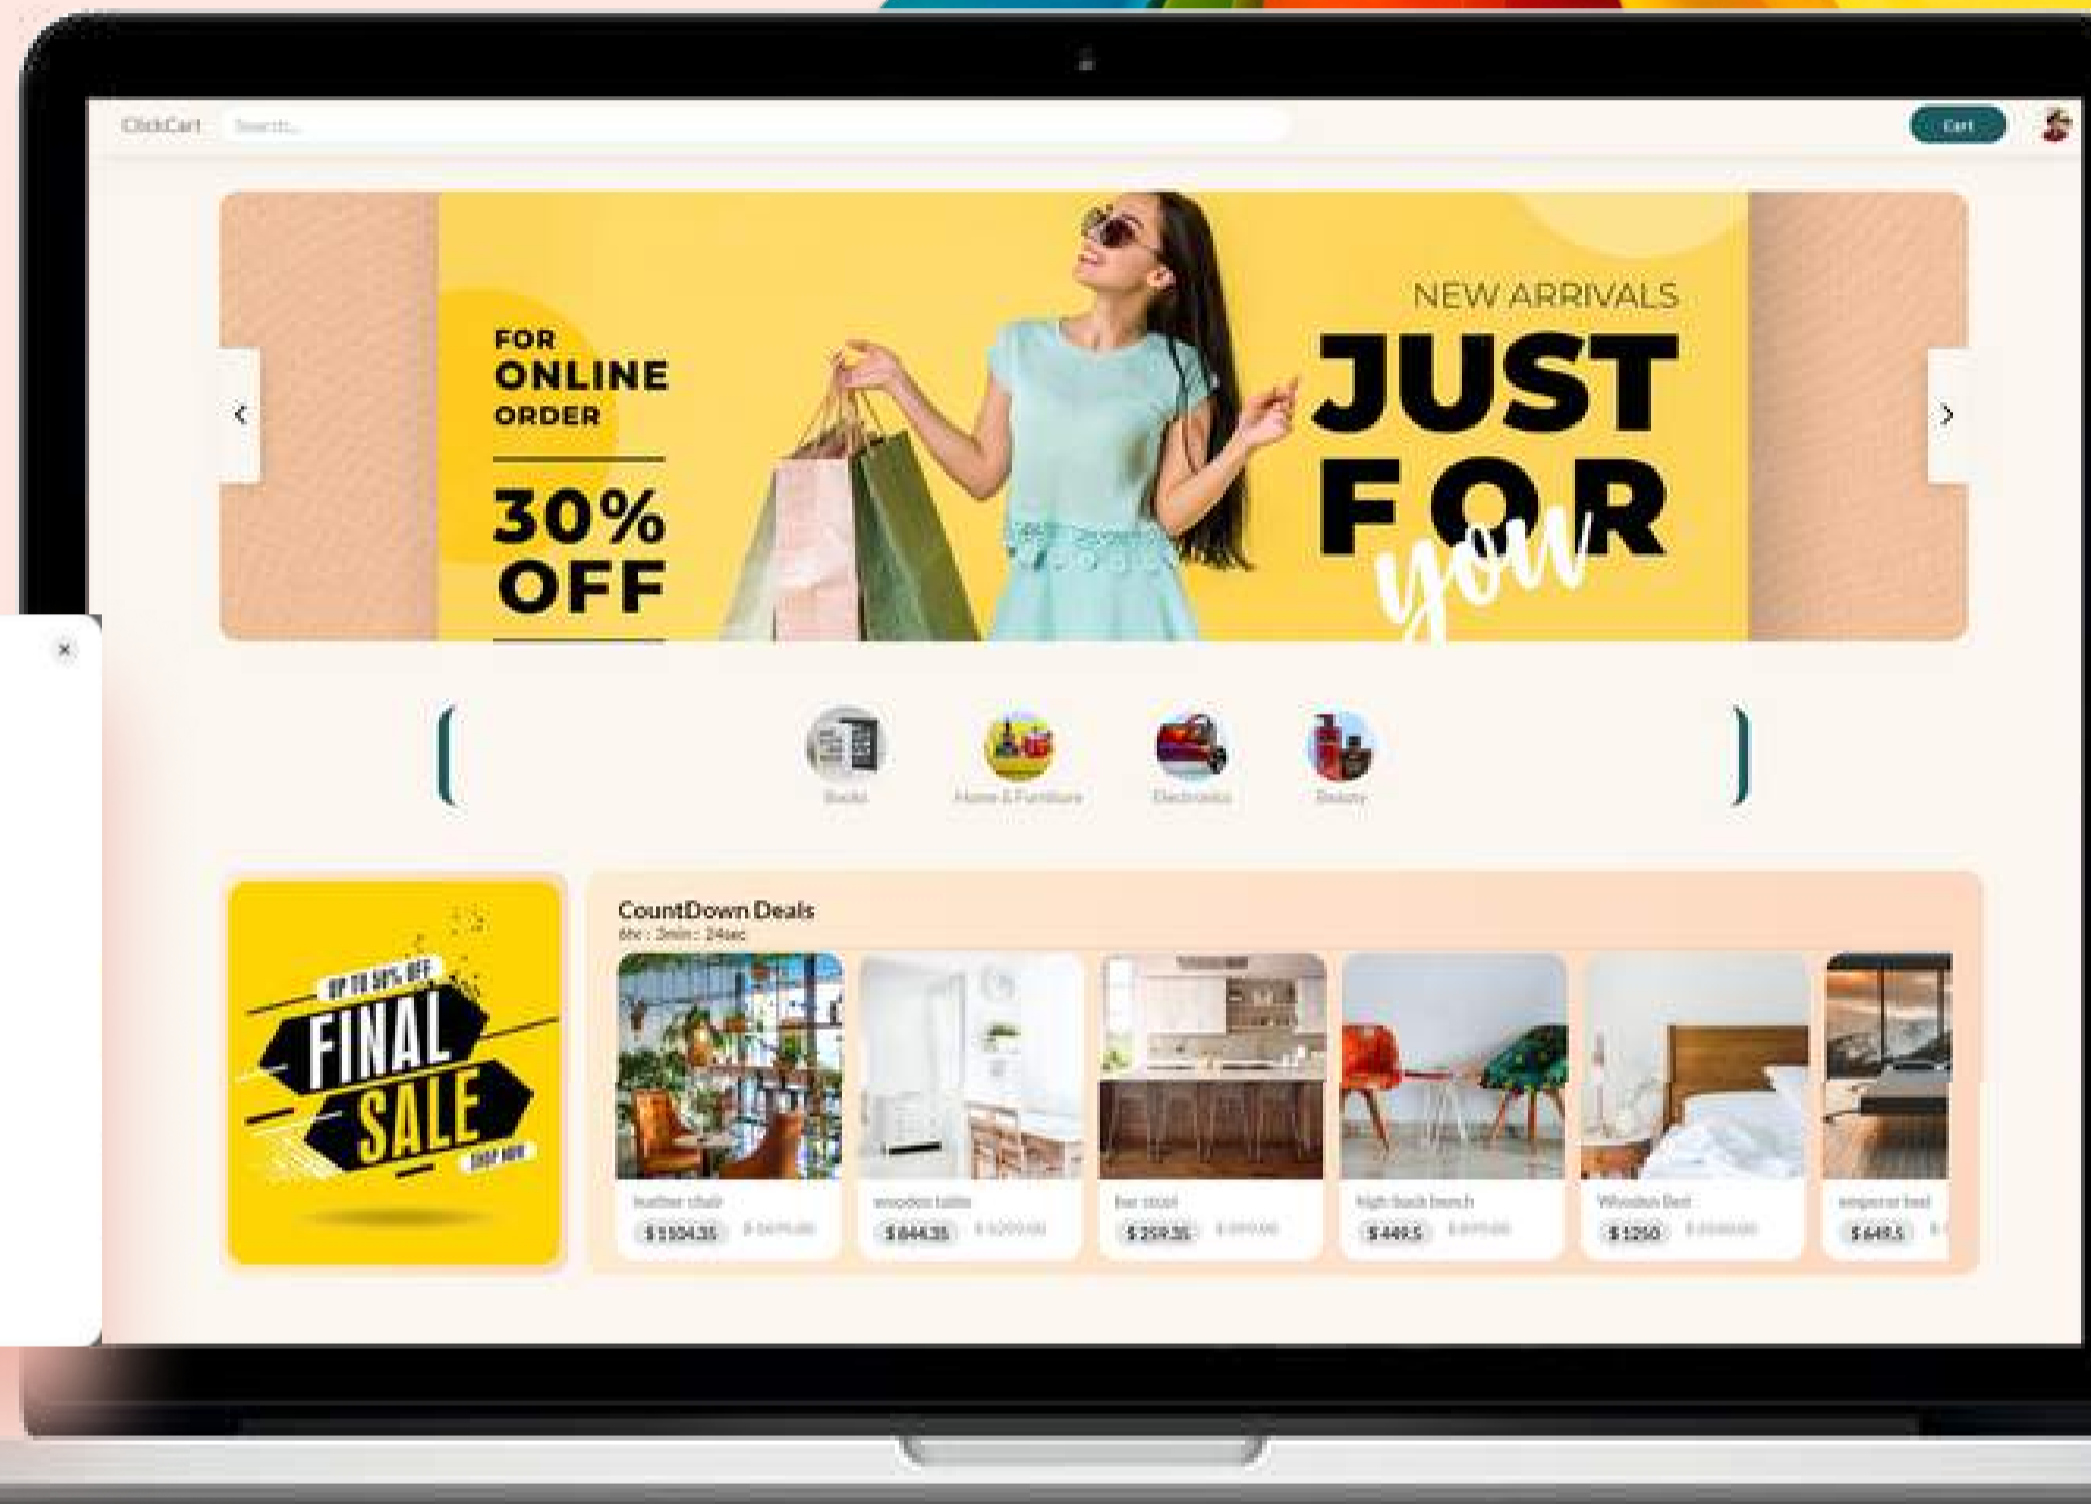

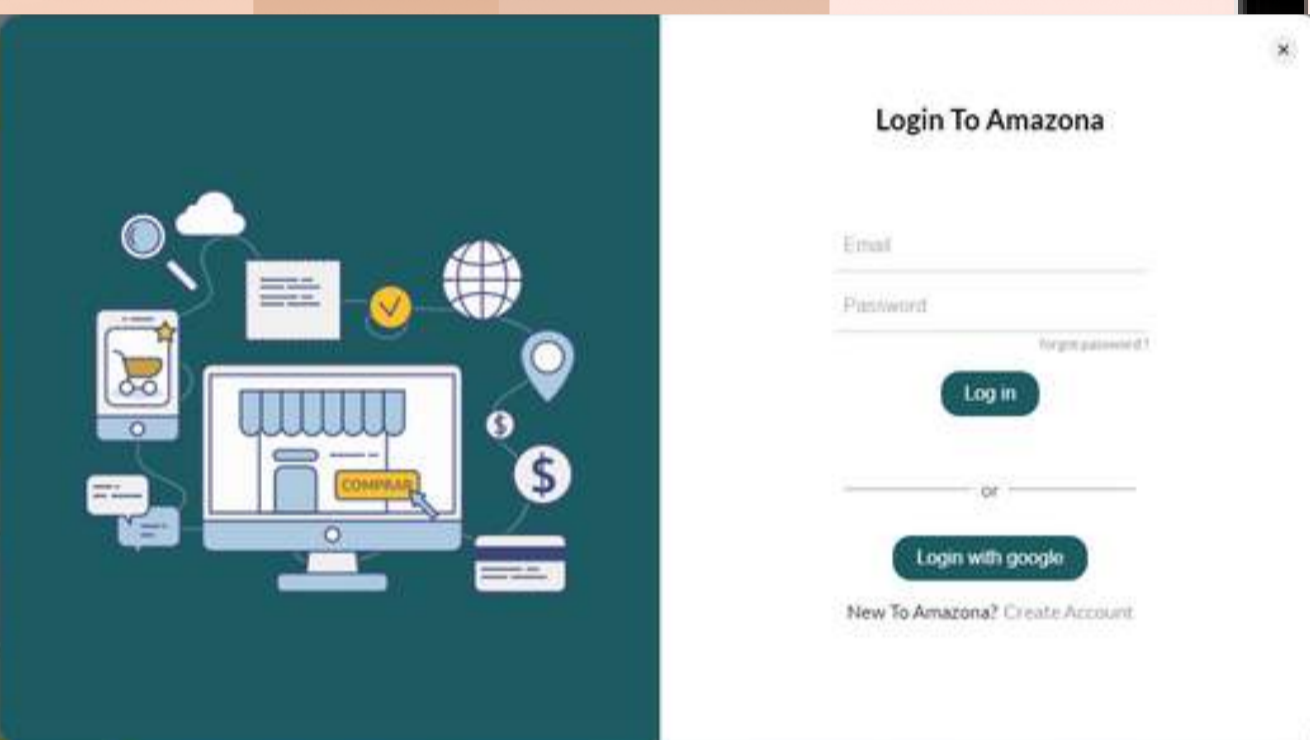

Like other OTT platform movie Swiper provide an option for subscription based on Monthly, Yearly, or Rent individual Movie. Movie Swiper supports a maximum of 3 accounts per subscription and can play simultaneously on all devices.

Click Cart Ecommerce Web

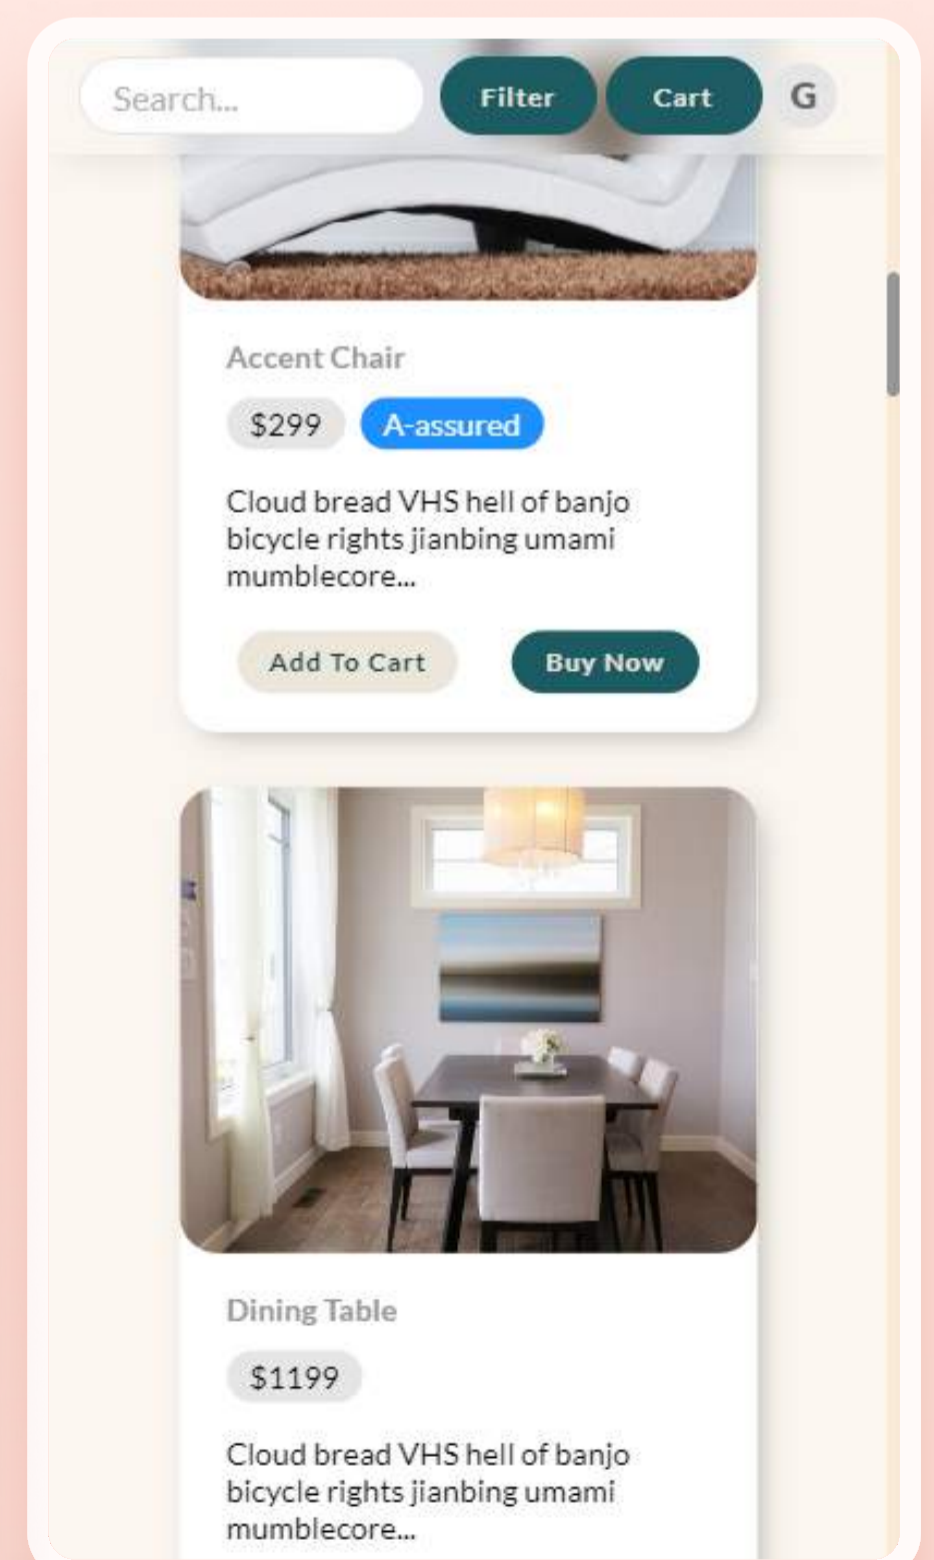

Click cart E-commerce is a conceptual React JS project specifically developed for internal training purposes.

Our team wants to check the power of React JS render and performance checking by loading high graphics UI and the result is Click cart E-commerce.

It's a completely open source project on Github.

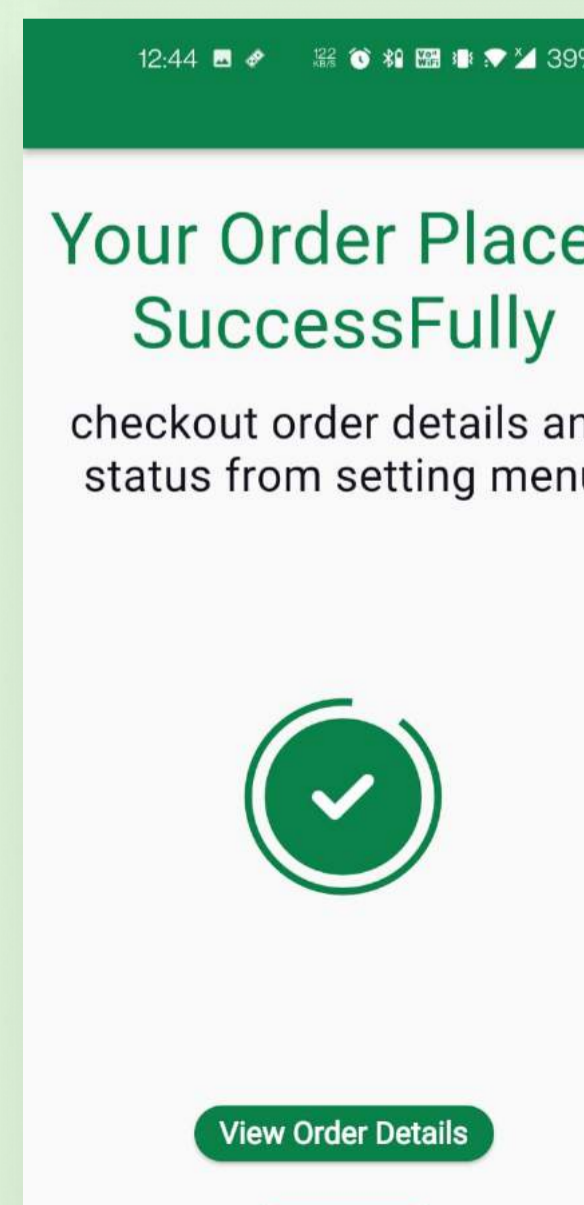

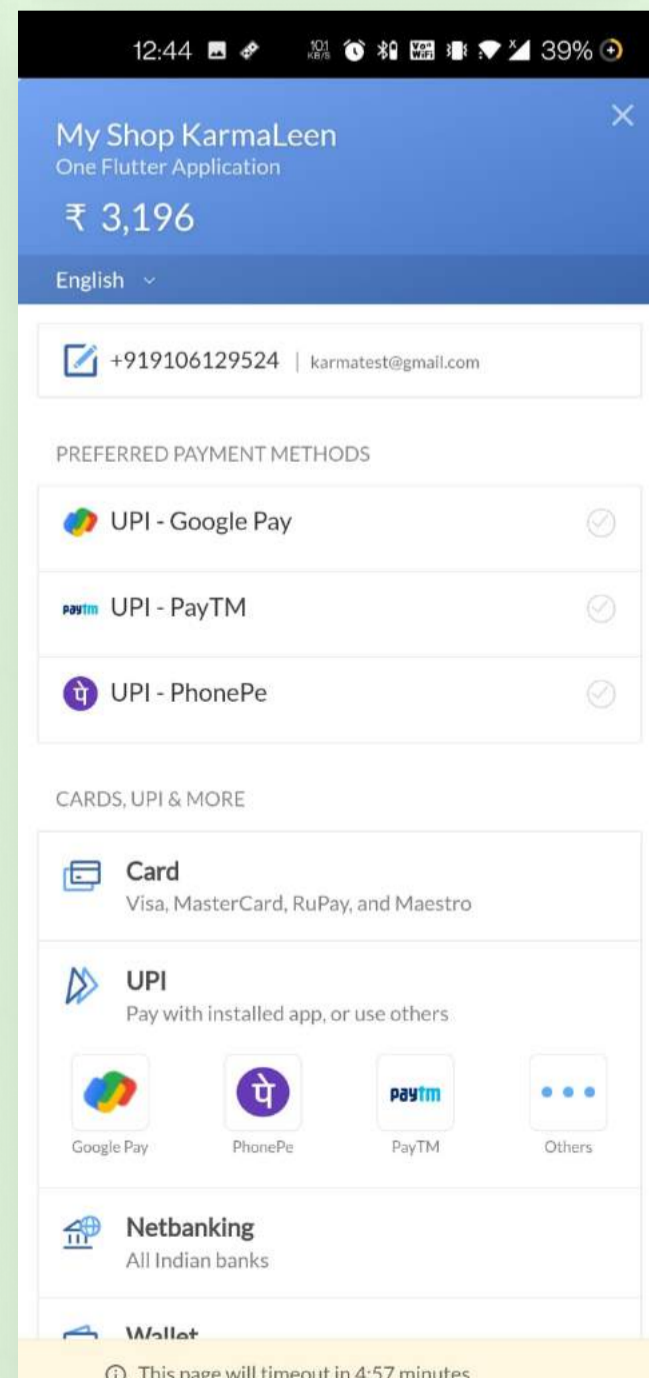

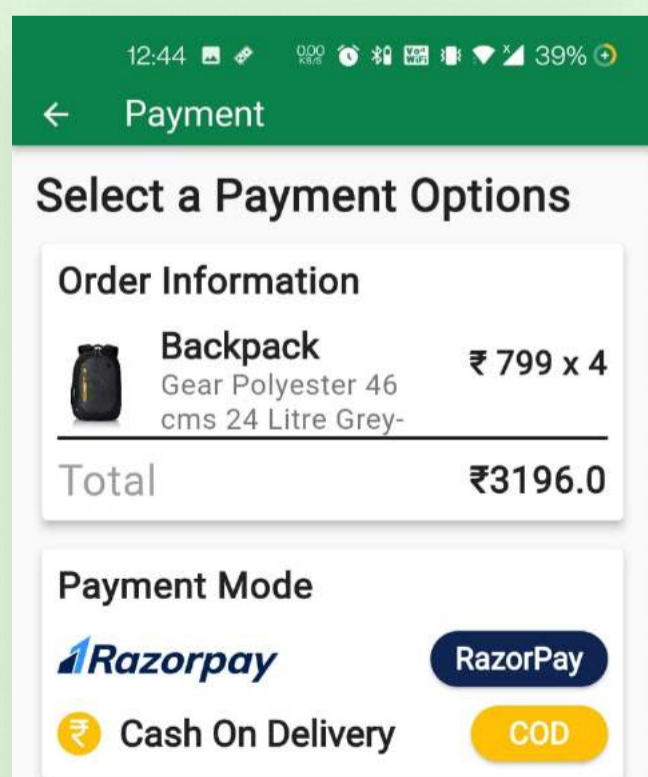

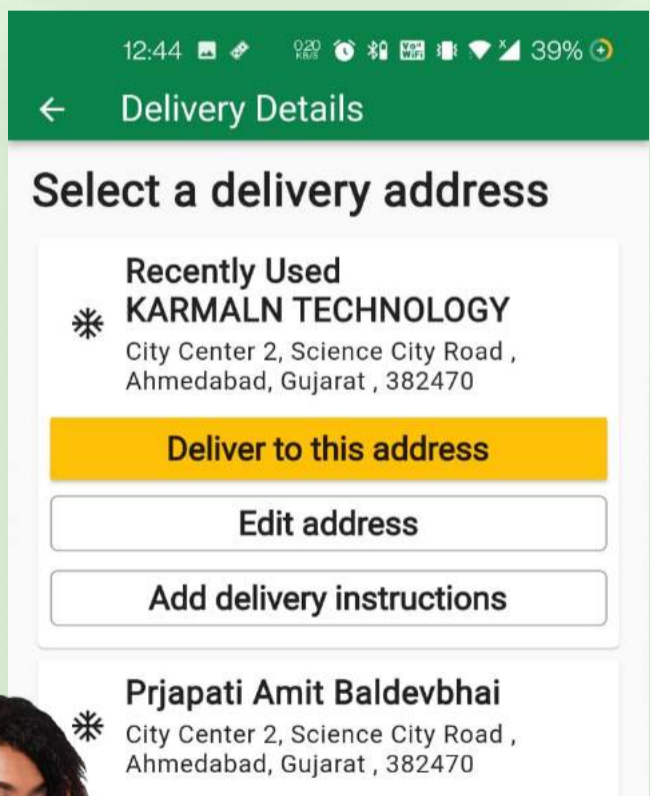

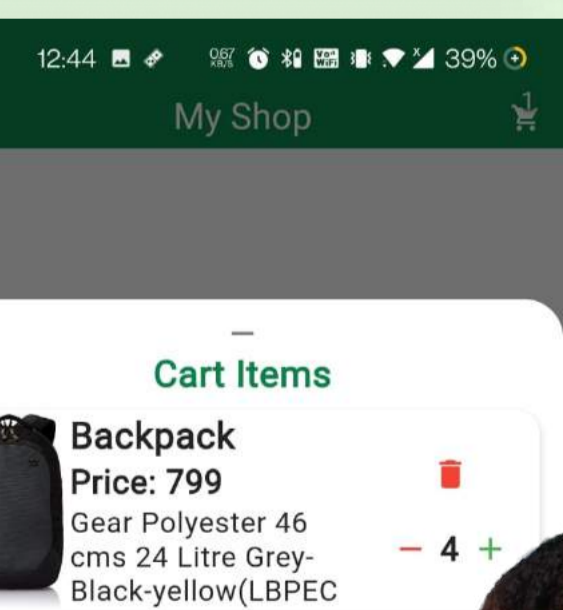

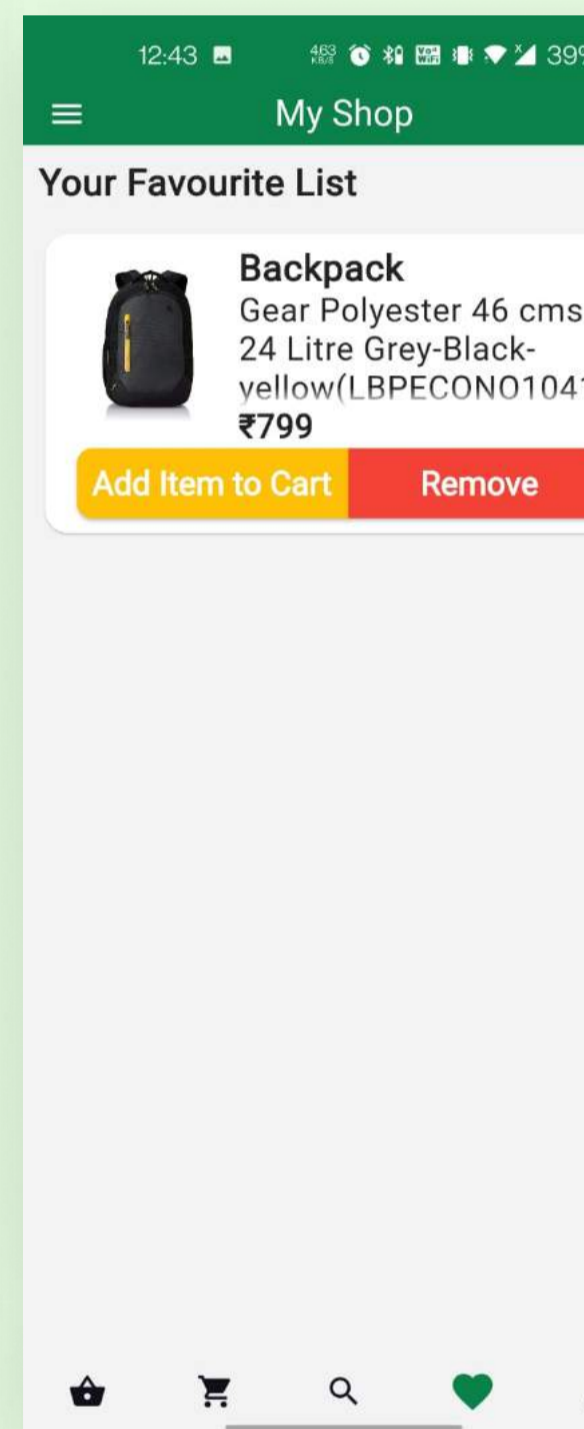

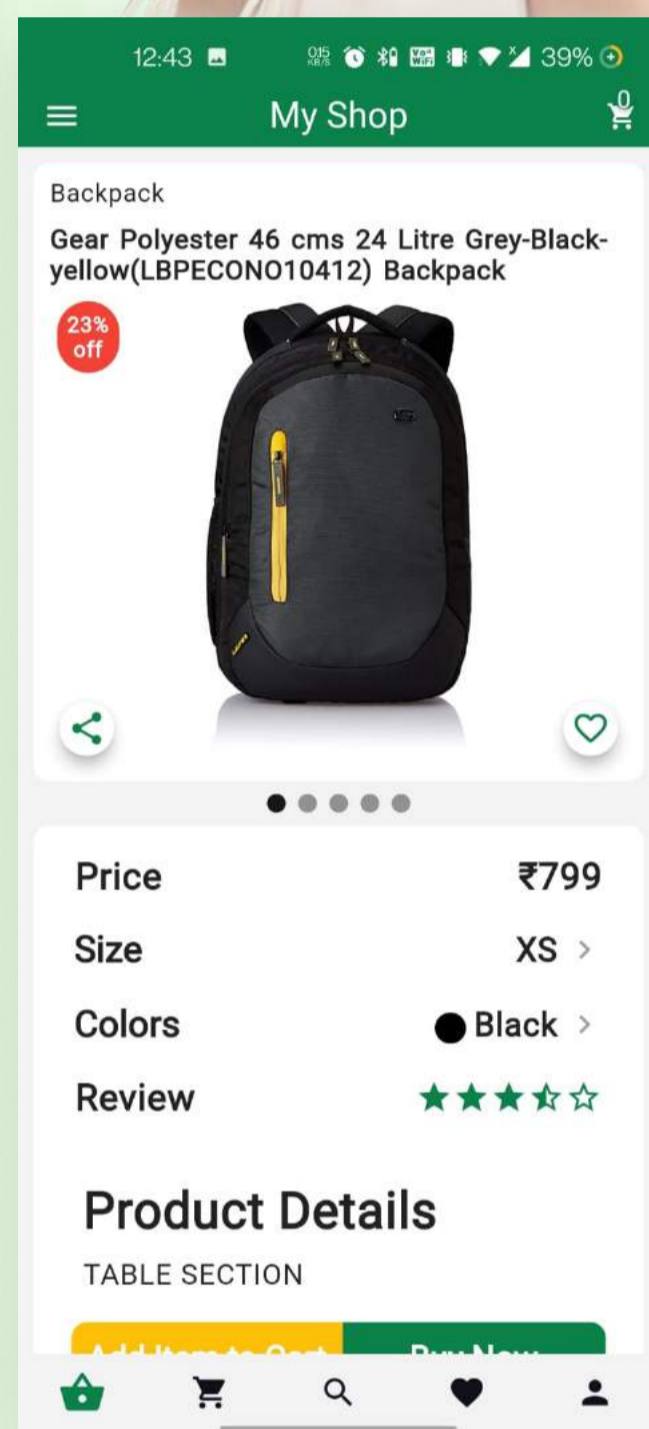

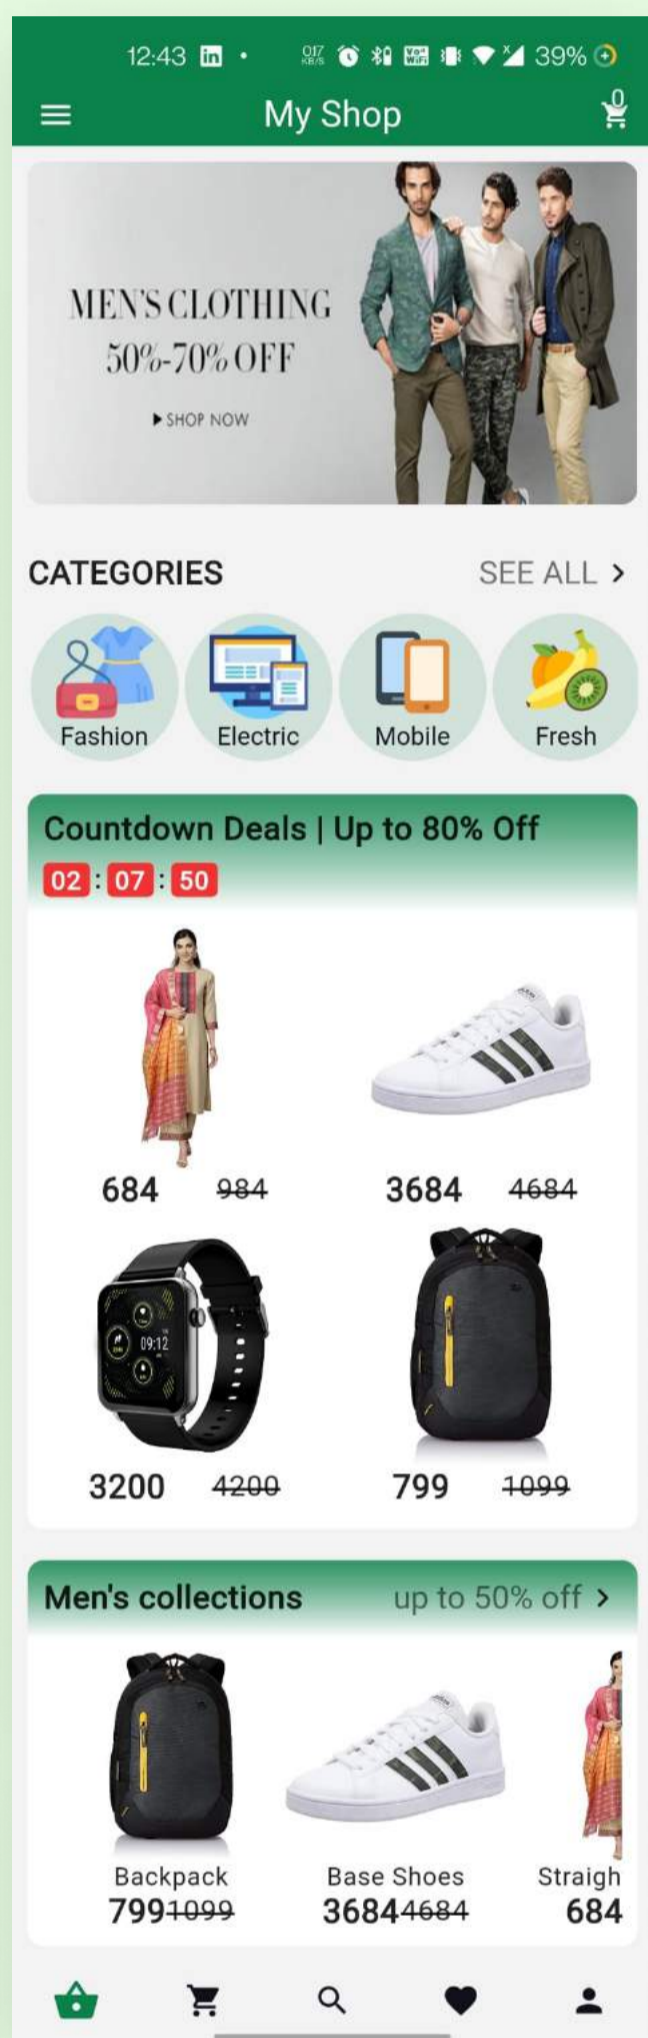

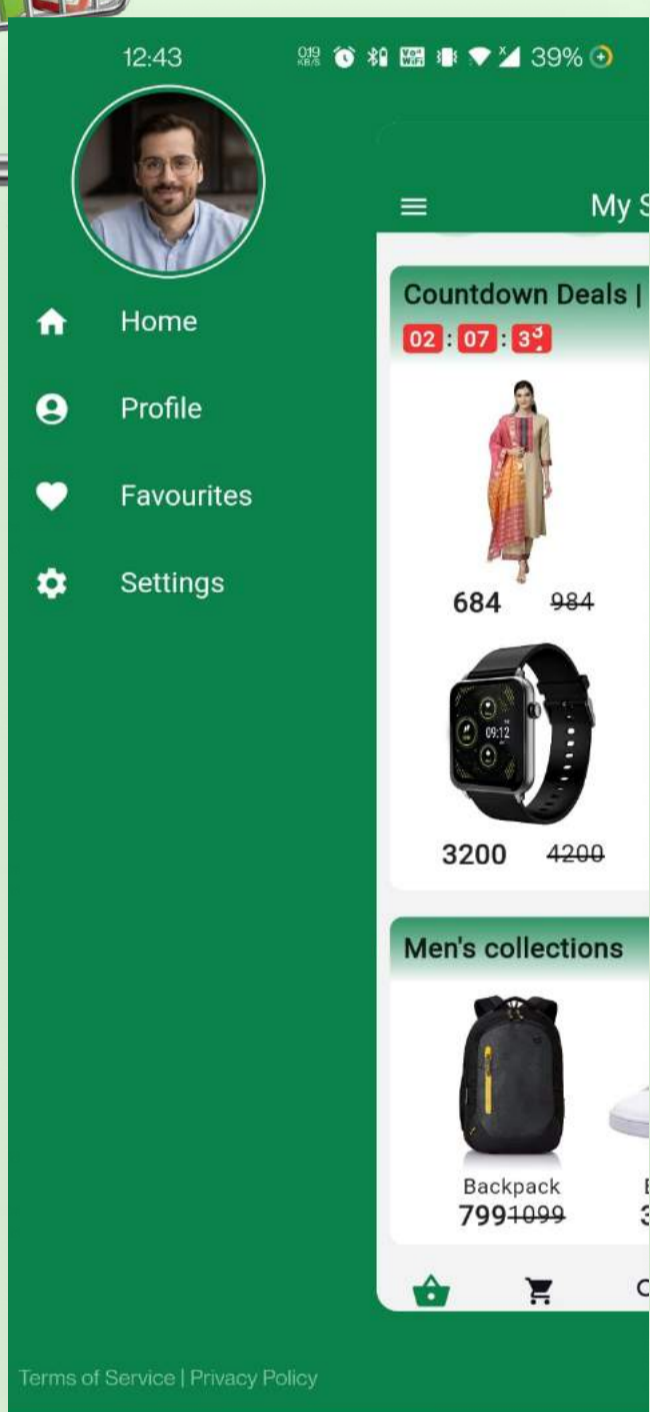

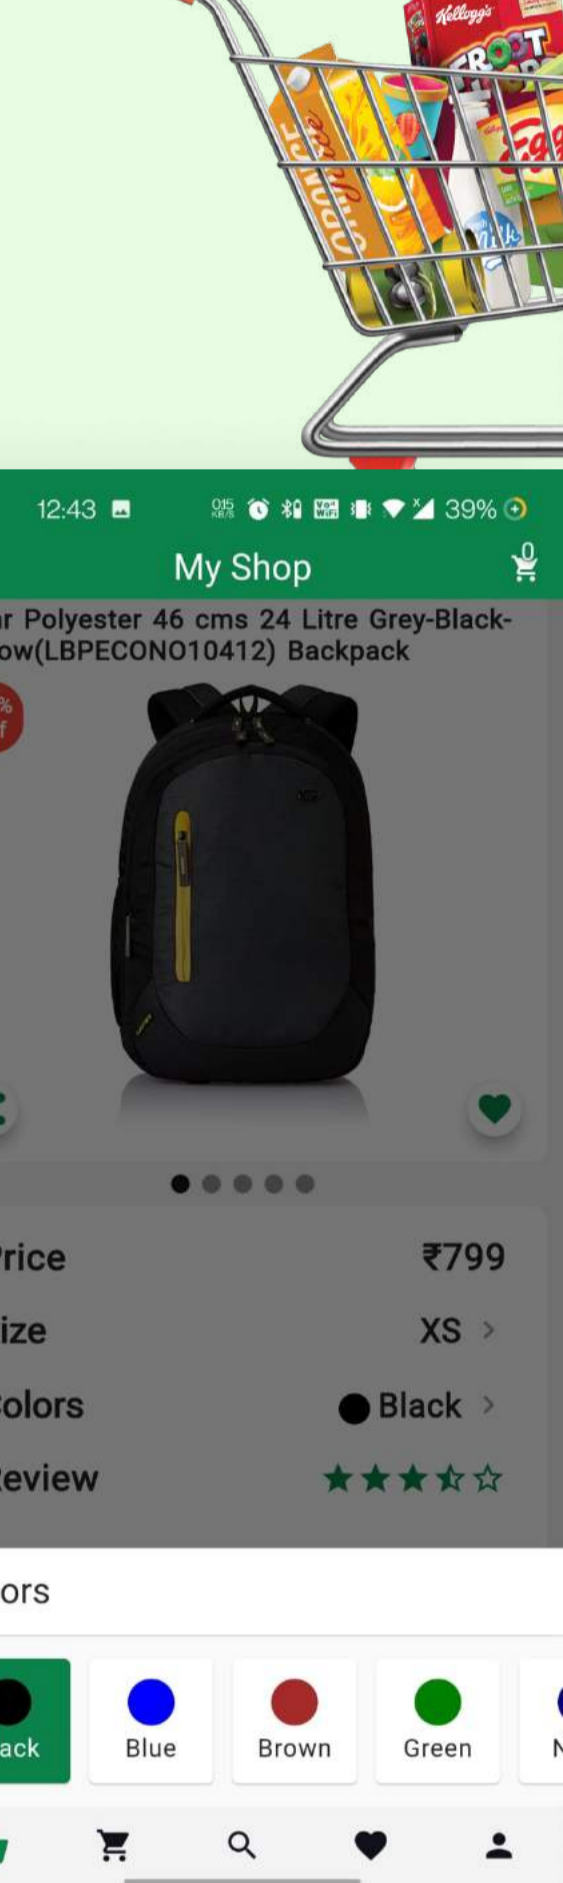

RESPONSIVE

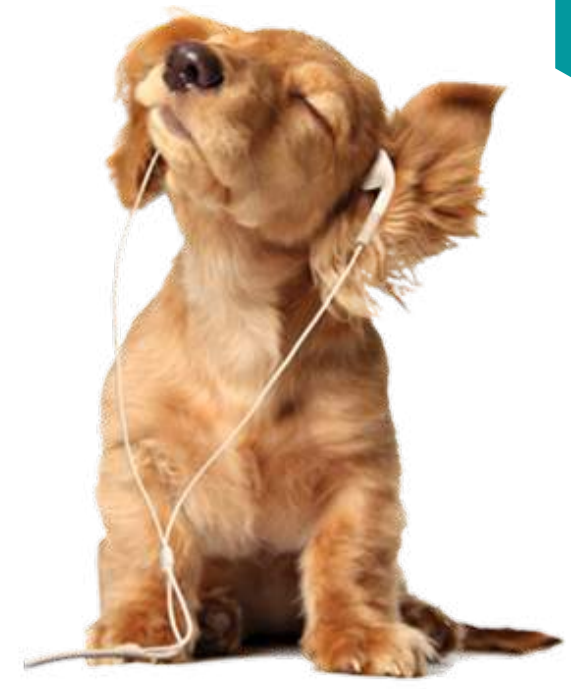

My Shop Flutter

Shop any time from MyShop

Complete E-commerce solutions with all features. Application developed using Flutter as a mobile platform and Node as a Backend. Multiple Payment gateway integrations and support tracking of products.

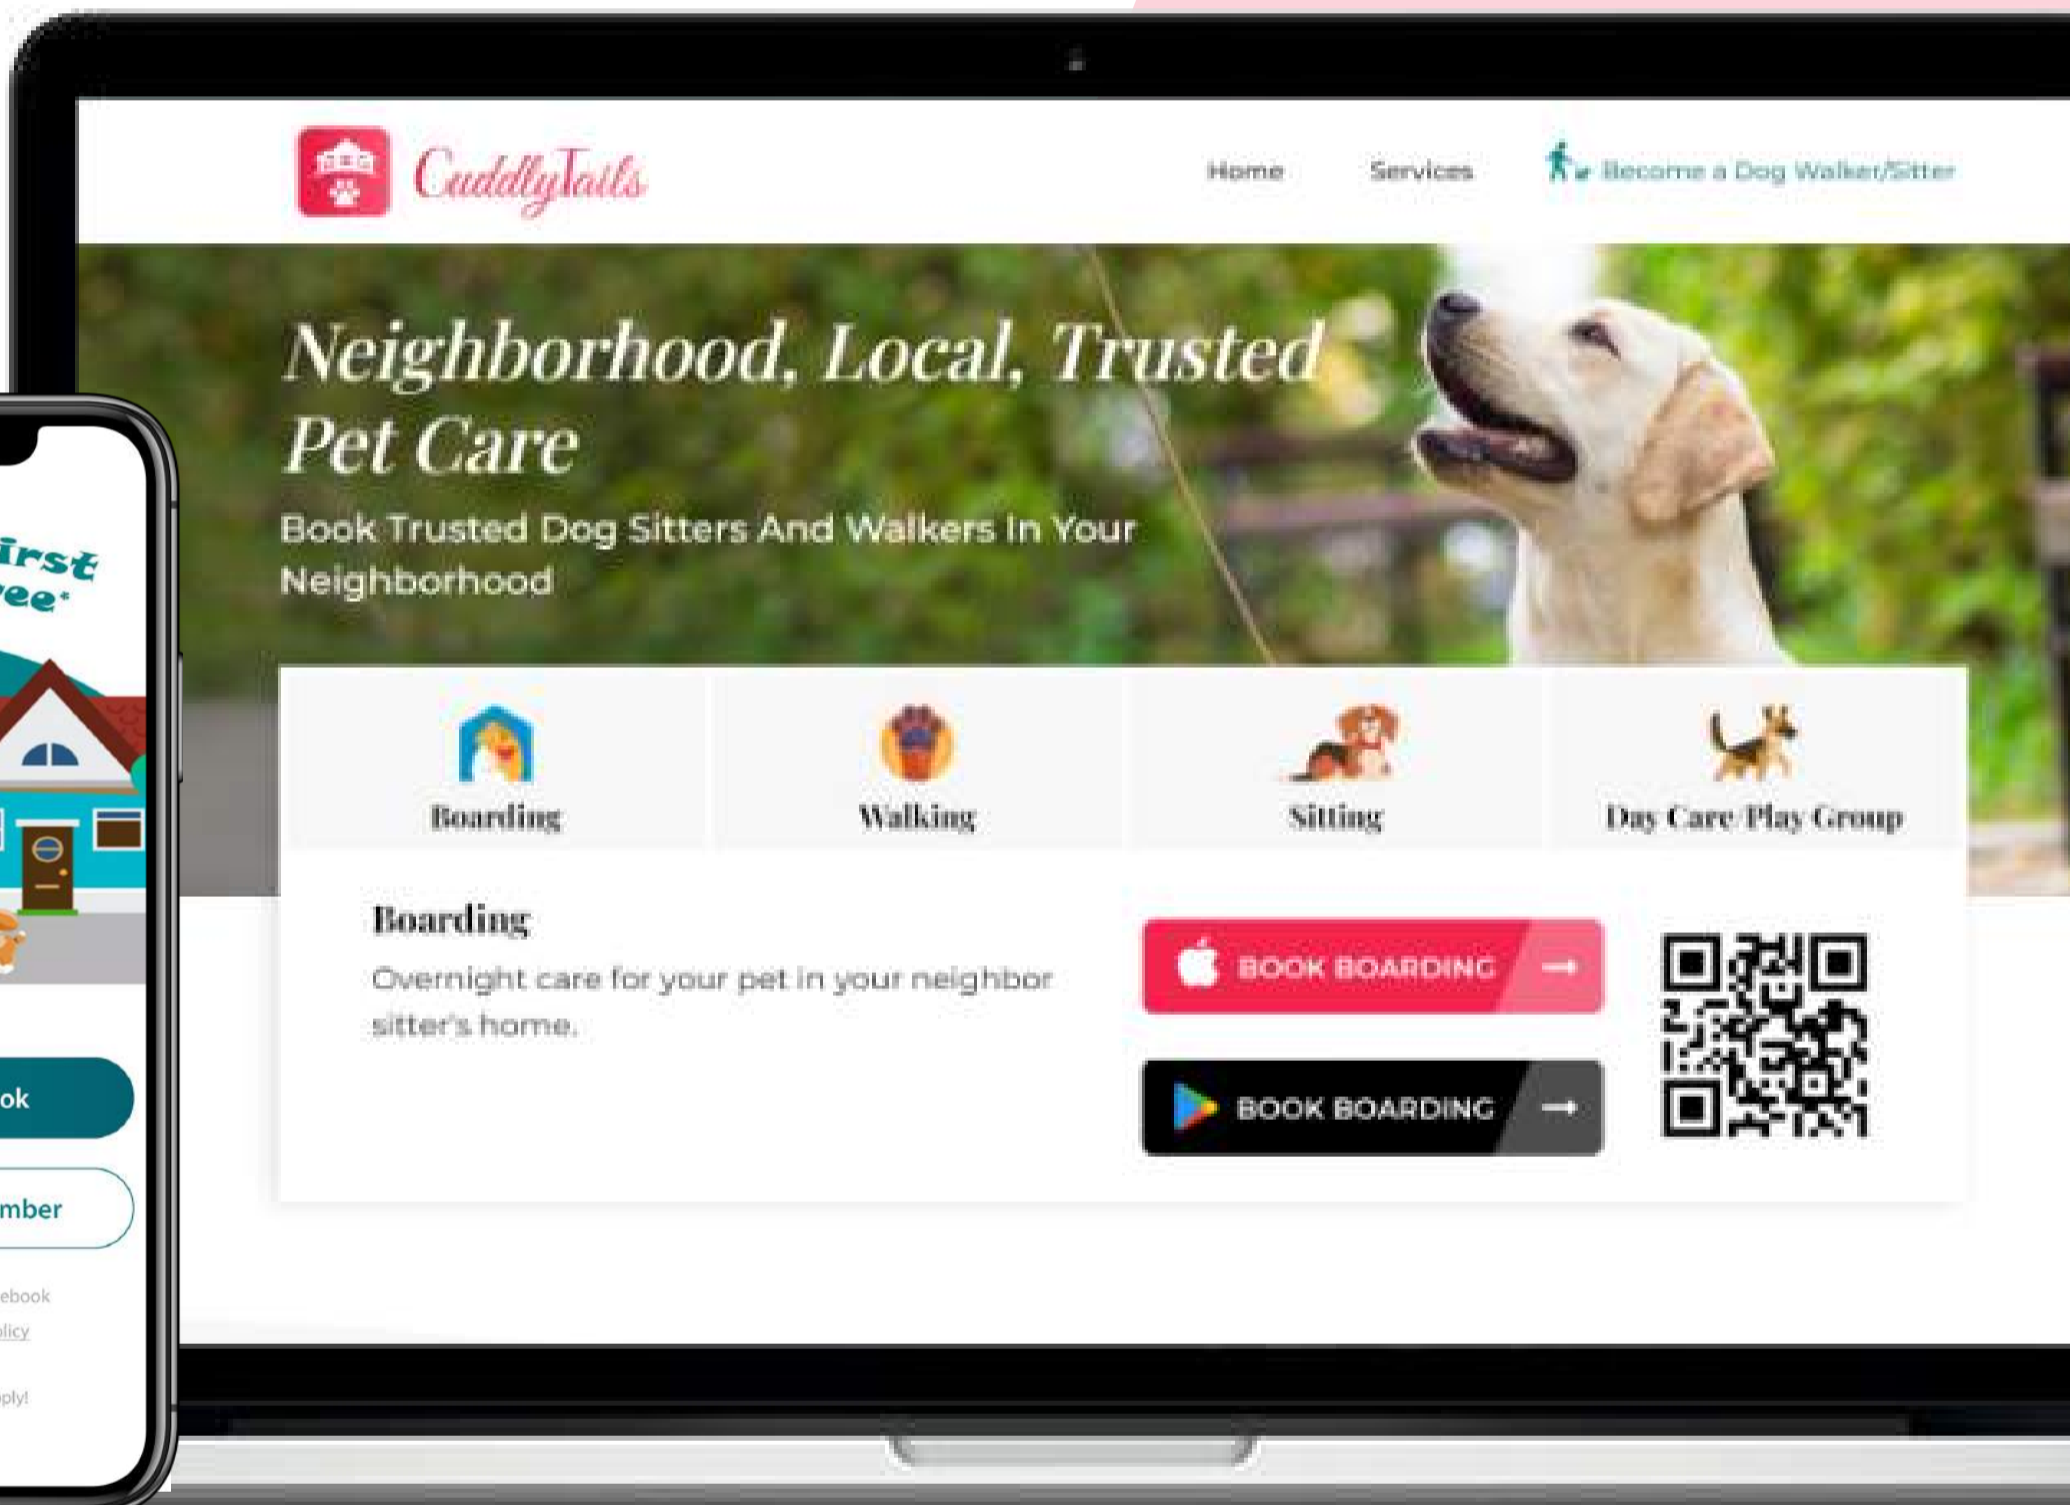

Book Trusted Dog Sitters And Walkers In Your Neighborhood

Cuddlytails connects Dog Owners with trusted and verified dog-loving neighbors. Finding a reliable sitter/walker for boarding, walking, sitting, daycare services is easier and faster.

Cuddlytails is building a pet-friendly neighborhood for pet owners to have a secure network for furry babies & for neighbors to have a fun time with dogs.

What Makes Us Special!

Trusted Dog Lovers in Your Neighborhood

Whether your furry baby needs care when you are away or needs more exercise because he is high energy puppy. Our pre-verified experienced sitters are in your building or neighborhood who you might have crossed paths with.

Pre Verified Neighborhood Sitter

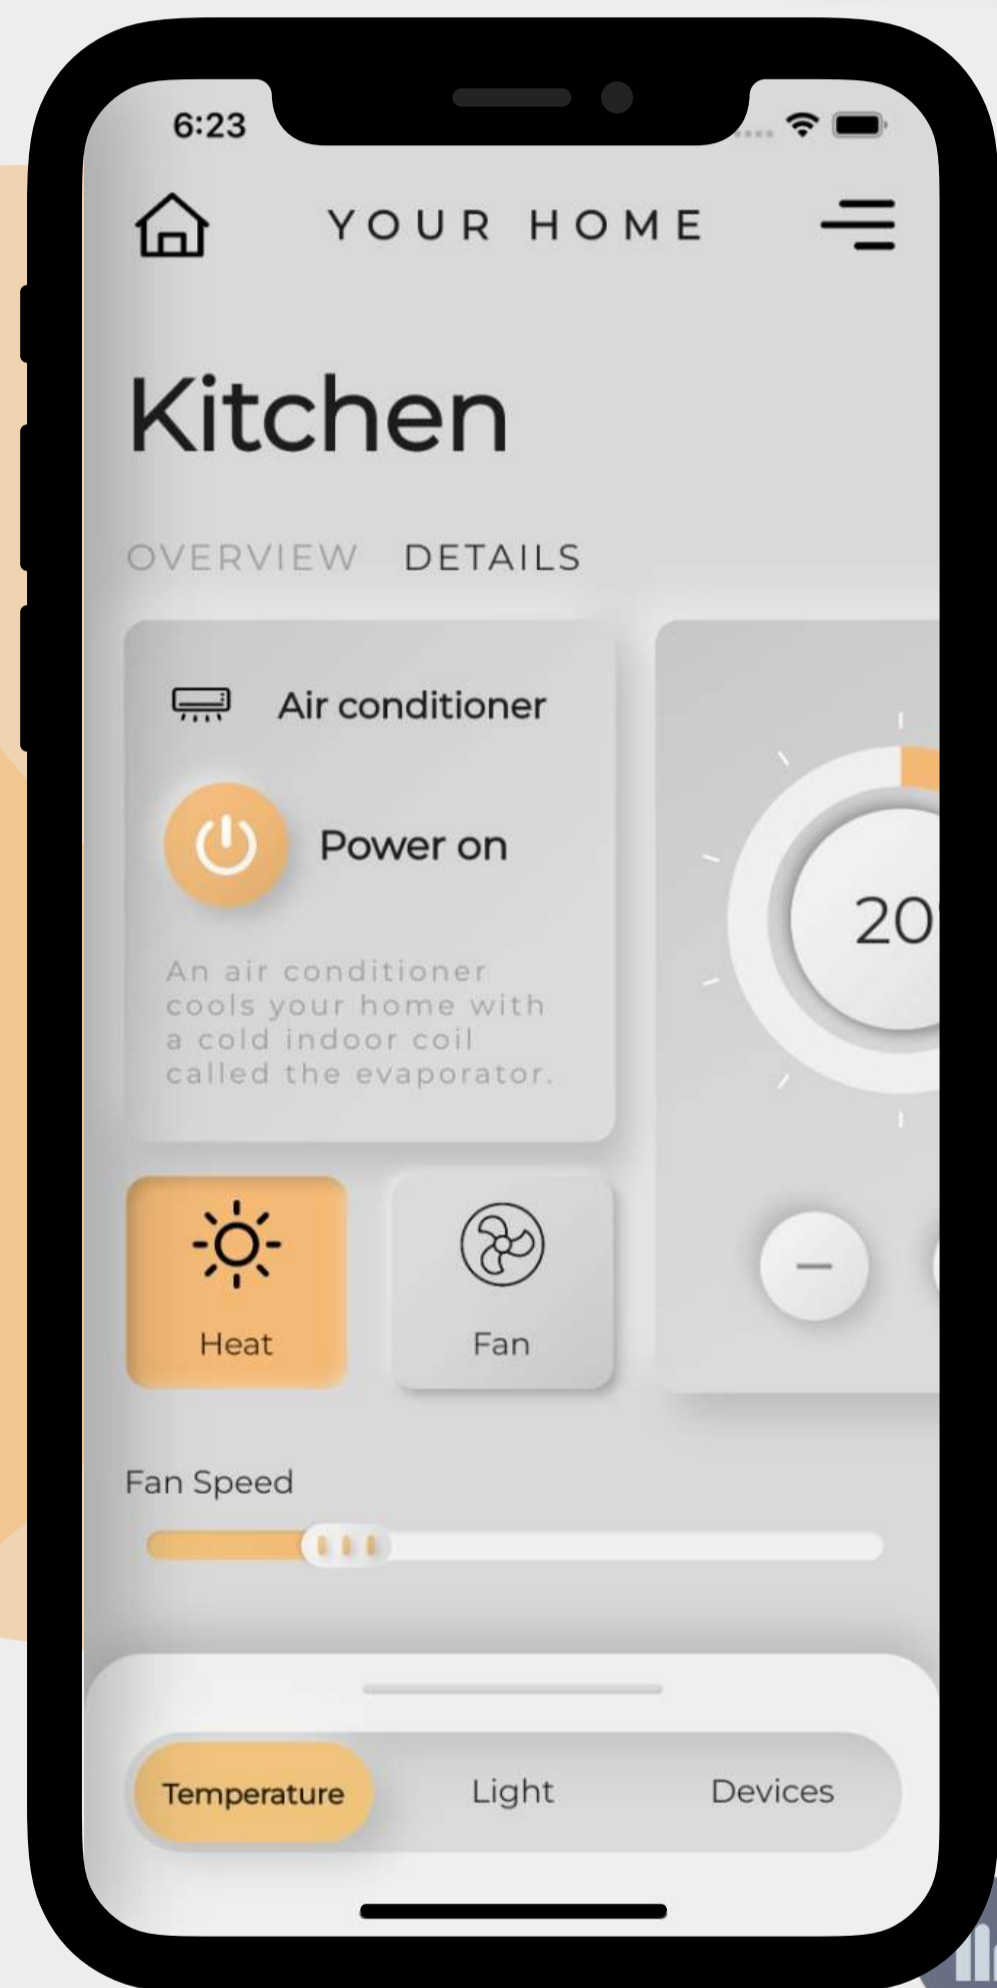

We do a complete assessment and background verification. During the service, the quality check is done with sitters to ensure that your furry baby gets the love and safe pet care during the services.

Kichen IOT Mobile App

Manage your home from anywhere and at any time, Kaichen IoT helps you to manage home appliances from anywhere.

With the power of IoT, you don't need to physically connect with your home appliances, Its is a monitor from a central server.

Happy Music Flutter

Audio Streaming library with a little bit different concept. Users can build their own live streaming library by browsing on an open-source music API.

Application support some premium features like a musician can add their pro-library for which user need to make a payment.
